

Money Earning Guidelines for Silver and Gold Award Take Action Projects

You must plan out your project completely in order to develop a realistic budget. Once you have developed all phases of your project, figure out what you need and where you might be able to get it for little or no cost, if possible. Use your influence and leadership skills to come up with ways that you can make a difference that might not include earning money. If that is not successful, research how much it is going to cost if you must purchase items outright, and then decide how you can cover those expenses through money earning activities.

- A. Do not begin any money earning activities prior to the formal approval of your Gold Award Take Action Project.
- B. Your Gold Award Take Action Project may not raise funds for another organization.
