

GS Challenge #2

THREE PICTURES

YOUR MISSION: Take three (3) pictures following the challenge requirements below. The **Three Pictures** challenge is a great opportunity to learn a new skill in photography, capturing the perfect picture with your digital camera. Plus, some of the best photos will be featured on our GSMISTS Facebook Page!!

THE DETAILS: You can only submit your three pictures one time. Please send the pictures attached in the same email. If the size is too large to send in one email, please send individually with a note. Please send all photos in the same time frame if sending individually.

Remember this is **NOT** a contest. It's an opportunity to show what skills you have! You do not need to be a registered Girl Scout to participate in this challenge. Entry in to the challenge can happen at any time within the dates listed below. Please follow the simple steps to get started and follow your three project requirements. Have a great time!

REQUIREMENTS: Take and submit three (3) separate digital pictures of the following themes:

- **Winter Scenery:** Needs to have the time/date stamp visible in lower right or left corner of picture. If your camera doesn't have the time/date stamp feature - no worries. Get creative - hold up a poster board or cardboard with the time & date on it while taking the photo!
- **Alphabet Photography:** Need to feature unique 'letters' found outside that spell GSMISTS. (ex. street lamps, trees growing weird, etc.) This category will consist of more than one photo.
- **Animal in Habitat:** Needs to show an animal in its natural habitat.

**Remember you can only submit your pictures once so take your time and give us your best shot!*

CHALLENGE DATES: January 16 - March 17, 2013

GET STARTED: Please fill out the "GET STARTED" form on the back of this flyer to participate in the challenge.
