

# Troop Experience Menu

*Girl Scouts of Michigan Shore to Shore*

## TASCAM Mixcast 4 | No Charge

Step into the world of audio production! Girl Scouts can bring their ideas to life and share their voices with the world. Record, mix, and produce their own shows or stories. Computers and editing software provided.

\*Seats 4 Girl Scouts

## ChompSaws | No Charge

Kid-friendly, hands-on “saw” designed to let young makers safely cut cardboard and lightweight materials with precision. Add an exciting “maker moment” while working on a badge —without requiring heavy equipment or advanced skills!

\*5 total chompsaws

## SINGER® 4411 Heavy Duty Sewing Machines | No Charge

Open the door to the creative world of textile art, from learning simple stitches to designing personalized, one-of-a-kind creations. DreamLab sewing machines make it easy to start with basic sewing projects and continue building skills far beyond the basics.

Great for crafting accessories, or for a quick and practical use. Practice your skills by securely sewing Girl Scout patches and badges onto uniforms with confidence and ease!

Equipment supplementing these machines:  
Rotary cutters & mats | Quilting rulers | Straight pins & pincushions

\*4 total sewing machines

### K'Nex Click 'n Construct Kit | No Charge

Perfect for engineering and STEM badges, this kit helps girls explore engineering concepts while building towers, vehicles, creatures, and anything their imagination dreams up.

With easy “click” connectors and endless design possibilities, it’s a great way to spark problem-solving, teamwork, and STEM confidence—all while having a ton of fun.

### Ozobots | No Charge

These tiny, smart robots prove learning coding can be easy! Using simple color codes or block-based coding, girls can design paths, create challenges, and watch their ideas come alive.

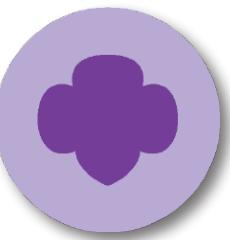

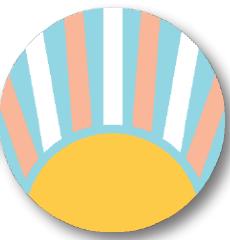

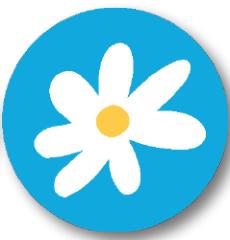

Ozobots are an engaging way to build STEM confidence, teamwork, and creativity with no experience required.

\*Kit contains 6 ozobots

### Button Making

Design and create their own wearable buttons to show off their ideas, passions, or troop spirit. Draw your designs from scratch or use a digital design app to create the perfect image. Commemorate your DreamLab visit with a personalized keepsake you can proudly wear or share!

- Set of 5 Magnets (1.25") - \$5.00
- Set of 5 buttons (2.25") - \$3.00
- Button Keyring (1.25") - \$1.00/ea
- Button necklace (2.25") - \$2.00/ea
