You can inspire Girl Scouts by sending a cheer to celebrate their achievements or encourage them to keep reaching for their goals. Follow these steps:

Step 1: Access the Cheer Feature

Troop volunteers can Send a Cheer by:

- Clicking the “Send a Cheer” button on your dashboard, or
- Navigating to the “Cheers” page from your menu.

Step 2: Choose a Girl Scout

In the Cheers module:

- You'll see a list of Girl Scouts in your troop along with the percentage of their sales toward their goal.
- Next to the name of the Girl Scout you want to cheer, select the “Pick a cheer to send” drop-down.

Step 3: Select and Send Your Cheer

- Browse the available GIF images and short messages.
- As you select a message and image, a preview of the cheer will appear.
- Click “Send this Cheer” to share it.

The Girl Scout will see the cheer on her dashboard.

Note: Girl Scouts cannot send cheers back to volunteers or customers.
