Digital Cookie®

My Troop

A video walkthrough is also available.

The My Troop page allows volunteers to view detailed sales information for each Girl Scout in their troop.

Access the Booths page

- Log in to Digital Cookie.
- Select the Troop role
- Open the Menu and tap My Troop.

Viewing the My Troop Page.

From the page volunteers, quickly see which Girl Scouts have published their sites and which have not.

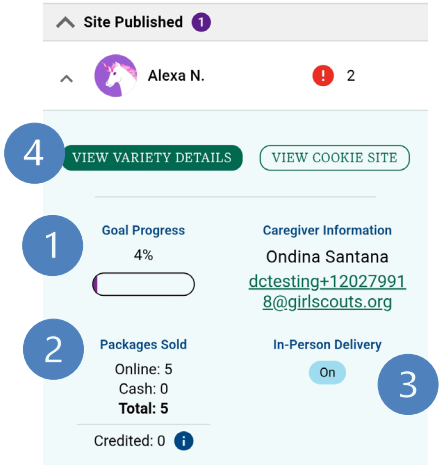

If a Girl Scout's site has **not been published**, you can easily send a reminder to the parent by tapping the email link. The link will open in your device's default email application.

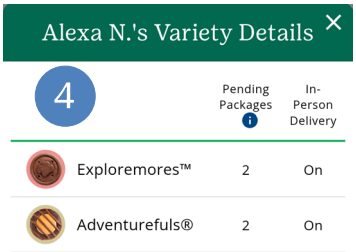

For Girl Scouts with **published sites**, you can see at a glance whether they have any orders that require approval, making it easy to identify and take action on pending orders.

View Additional Girl Scout Information

By tapping on the name of a Girl Scout whose site has been published, you can view additional details, including:

1. Progress toward their sales goal
2. Total packages sold
3. Whether the family has turned off **In-Person Delivery**
4. If a Girl Scout has orders that require approval, you can tap **View Variety Details** to see which cookie varieties were ordered and the number of packages requested. You can also view any cookie varieties the family has disabled for **In-Person Delivery**.

This information helps you quickly identify pending orders and better understand each Girl Scout's need.
