girl scouts

Digital Cookie®

Volunteer Registration & Login

All users must register **each year** before using Digital Cookie.

Step 1: Receive Registration Email

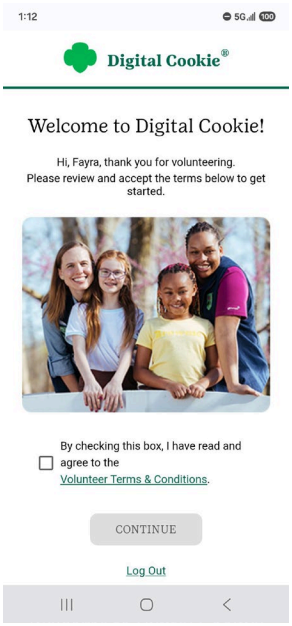

- Watch for your registration email from the **Girl Scout Cookie Program**.
- Your council will inform you of the expected date.
- Volunteers may receive their email **before parents have access**.
- If you did not receive the email, refer to the **"No Registration Email"** **Tip Sheet**.

Step 2: Click "Register Now"

- Use the **most up-to-date version** of your web browser for best results.

Step 3: Create Password & Log In

- Create your password and click **Submit** to save it.
- Log in using the **same email address** where you received the registration email.
- You will receive a **registration confirmation email** — keep it handy during cookie season.

Step 4: Watch Safety Video

- If you are also a parent and parent registration is open, you must watch a short safety video.
- **Note: Note:** If parent access has not started or parent access is not available, a safety video will not be displayed.

Step 5: Accept Terms & Conditions

- Read and accept **Volunteer Terms and Conditions**.
- If you are also a parent and parent access is open, you will also need to:
  - Accept **Parent Terms and Conditions**
  - Review and accept the **Girl Scout Safety Pledge** with your Girl Scout
- If parent access is not yet open, these steps will appear after access has begun.

Step 6: Select A Profile

- The first time you log in you will need to Activate your troop.
- Select the **troop you want to activate** (if you have multiple)
- Tap the **Activate Site button**
- Once the account is activated you can **Access Digital Cookie Site** by using the button.
- If you are missing a troop in the list, contact your council.
