Program	Cost	Attendees	Other
<p>Robotics Badge 1 —Programming Robots </p> <p>Brownies and Juniors can work toward the first of three robotics badges with Amped Reality. During this one hour program Girl Scouts will learn about robot components and robots and see how electricity is turned into movements with a motor. Then, girls will program a robot.</p>	<p>\$15/girl \$3/adult</p>	<p>6 Min 12 Max</p>	<p>Girl Scouts can build, decorate, and take home their own robots for an additional fee. Troop leaders/caregivers are responsible for purchasing completed badges.</p>
<p>Space Science Badges </p> <p>During this one hour program, Girl Scouts will use Virtual Reality (VR) to go into the solar system to learn about the Sun, Earth, and the moon! VR will also be used to introduce the girls to NASA's amazing women who are contributing to America's space program. Complete your Space Science Explorer or Adventurer badge with a VR Space Walk or re-live Mankind's greatest achievement of going to the moon!</p>	<p>\$15/girl \$3/adult</p>	<p>6 Min 18 Max</p>	<p>Troop leaders/caregivers are responsible for purchasing completed badges.</p>
